

GRI Carbide vinyl cutting plotter Knives/Knife Blades

**Replacements for GRI plotter blades. Same type as the Summa
D blade.**

Substitute for Summagraphics D-Series 391-360 plotter blade.

Designed for thick materials.

For best results, use the following recommended plotter blade angles when cutting these material thicknesses: 35 degree 2-12 mil / 60 degree 12 mil +.

Replacements for GRI plotter blades. Same type as the Summa D blade.
