This proof is for material specifications, color requirements, design, layout and positioning approval only. It is not intended for color matching. Due to the digital printing process, colors on the final product may vary slightly from the original artwork. For an additional charge an actual on-press proof can be provided for your review. The colors on your computer screen or printed from your computer ARE NOT the actual colors in the final product. Please review the color codes & Pantone® swatches for the actual color of the end product.

Please indicate your acceptance of the proof by signing, dating and returning it to Digi Graphics. Once we have received your proof approval, you will be responsible for any additional charges should the design or specifications change outside the scope of work shown on the proof. Quoted price does not include sales tax unless specified. We will need a current exemption form on file prior to invoicing to avoid taxes.

Any installation/labor included in this project is based upon the assumption of receiving a clean vehicle/sign surface. Any additional cleaning, washing, wax removal, adhesive removal, buffing, etc IS NOT included in this price and additional cleaning/chemical fees will be incurred. If you have any questions about this, please contact us for preparation instructions.
